

## DEPARTMENT OF FOREIGN LANGUAGES

The “Liceo Scientifico Scorza” focuses its attention on the scientific subjects but also on the learning of foreign languages, in particular English. This is the right place where you can improve your level of English thanks to the numerous scheduled activities:

- **The constant use of the two language laboratories**, to keep the students in touch with the authenticity of the language;
- **The attainment of the Cambridge certifications: Flyers (A1), K.E.T. (A2), P.E.T. (B1), F.C.E (B2) and C.A.E. (C1).**

Last year over 200 students did the Cambridge examinations to assess their level of language competence. As you can see in the table below, the figures of the students who passed the exams are very high.

### Cambridge Certifications results s.y. 2016/2017

Moreover, our school gives the opportunity **to the students of the last classes of “Scuola Media” to do the Flyers exams (A1 C.E.F.)** after attending a free of charge course held by the teachers of the school. This is a good chance for them to appreciate the atmosphere of their future school and become familiar with the structure.

## The Cultural exchange with Australia:

### “On James Cook’s footsteps” Project.

Since 2012 our school has signed an agreement with two colleges of Melbourne: “ Marcellin College” (male college) and “ Our Lady of Sion College” (female college). Every two years, ten students (five boys and five girls), attending the third and fourth year of our school, go to Melbourne and stay there for three weeks hosted by the Australian students. For the Italians this exchange takes place in August because they are on holiday and the Australian students come to Italy in December, during their summer holidays.

The students go to school in the morning and spend the rest of the day with their host family. They are completely immersed in the Australian way of living and this extraordinary experience will remain in their hearts for ever.

## SCHOOL TRIP IN ENGLISH SPEAKING COUNTRIES SUCH AS : MALTA, BRIGHTON, DUBLIN, LONDON

Unlike a typical school trip, this one is more involving and interesting. The students go to school in the morning and do excursions on the territory in the afternoon, under the supervision of their teachers. At the end of the course, the school gives them a certificate of attendance.

## THE PARTICIPATION IN THE NATIONAL CHAMPIONSHIP OF FOREIGN LANGUAGES, ORGANIZED BY THE UNIVERSITY OF URBINO

This year a student of ours, attending the fifth year, is among the best thirty Italian students studying English. She is going to Urbino next February 15th 2018 to participate in the finale . Good Luck to her!

## ORGANIZATION OF SUMMER SCHOOLS IN ENGLAND, SCOTLAND, IRELAND AND THE U.S.A.

## P.O.N. PROJECTS IN ENGLISH SPEAKING COUNTRIES, ADDRESSED TO THE BEST STUDENTS OF OUR SCHOOL
